

Henniker, NH

Ground Water Resource

Co-occurrence Map

Version 1 - March 25, 2005

Ground Water Resource Point System

- Parcels within NHDES Water Protection Area - 1point
- Parcels with NHDES wellhead protection areas - 1 point
- Parcels with NHDES favorable gravel well areas - 1 point
- Parcels with high transmissivity aquifer - 1 point

Data Sources:

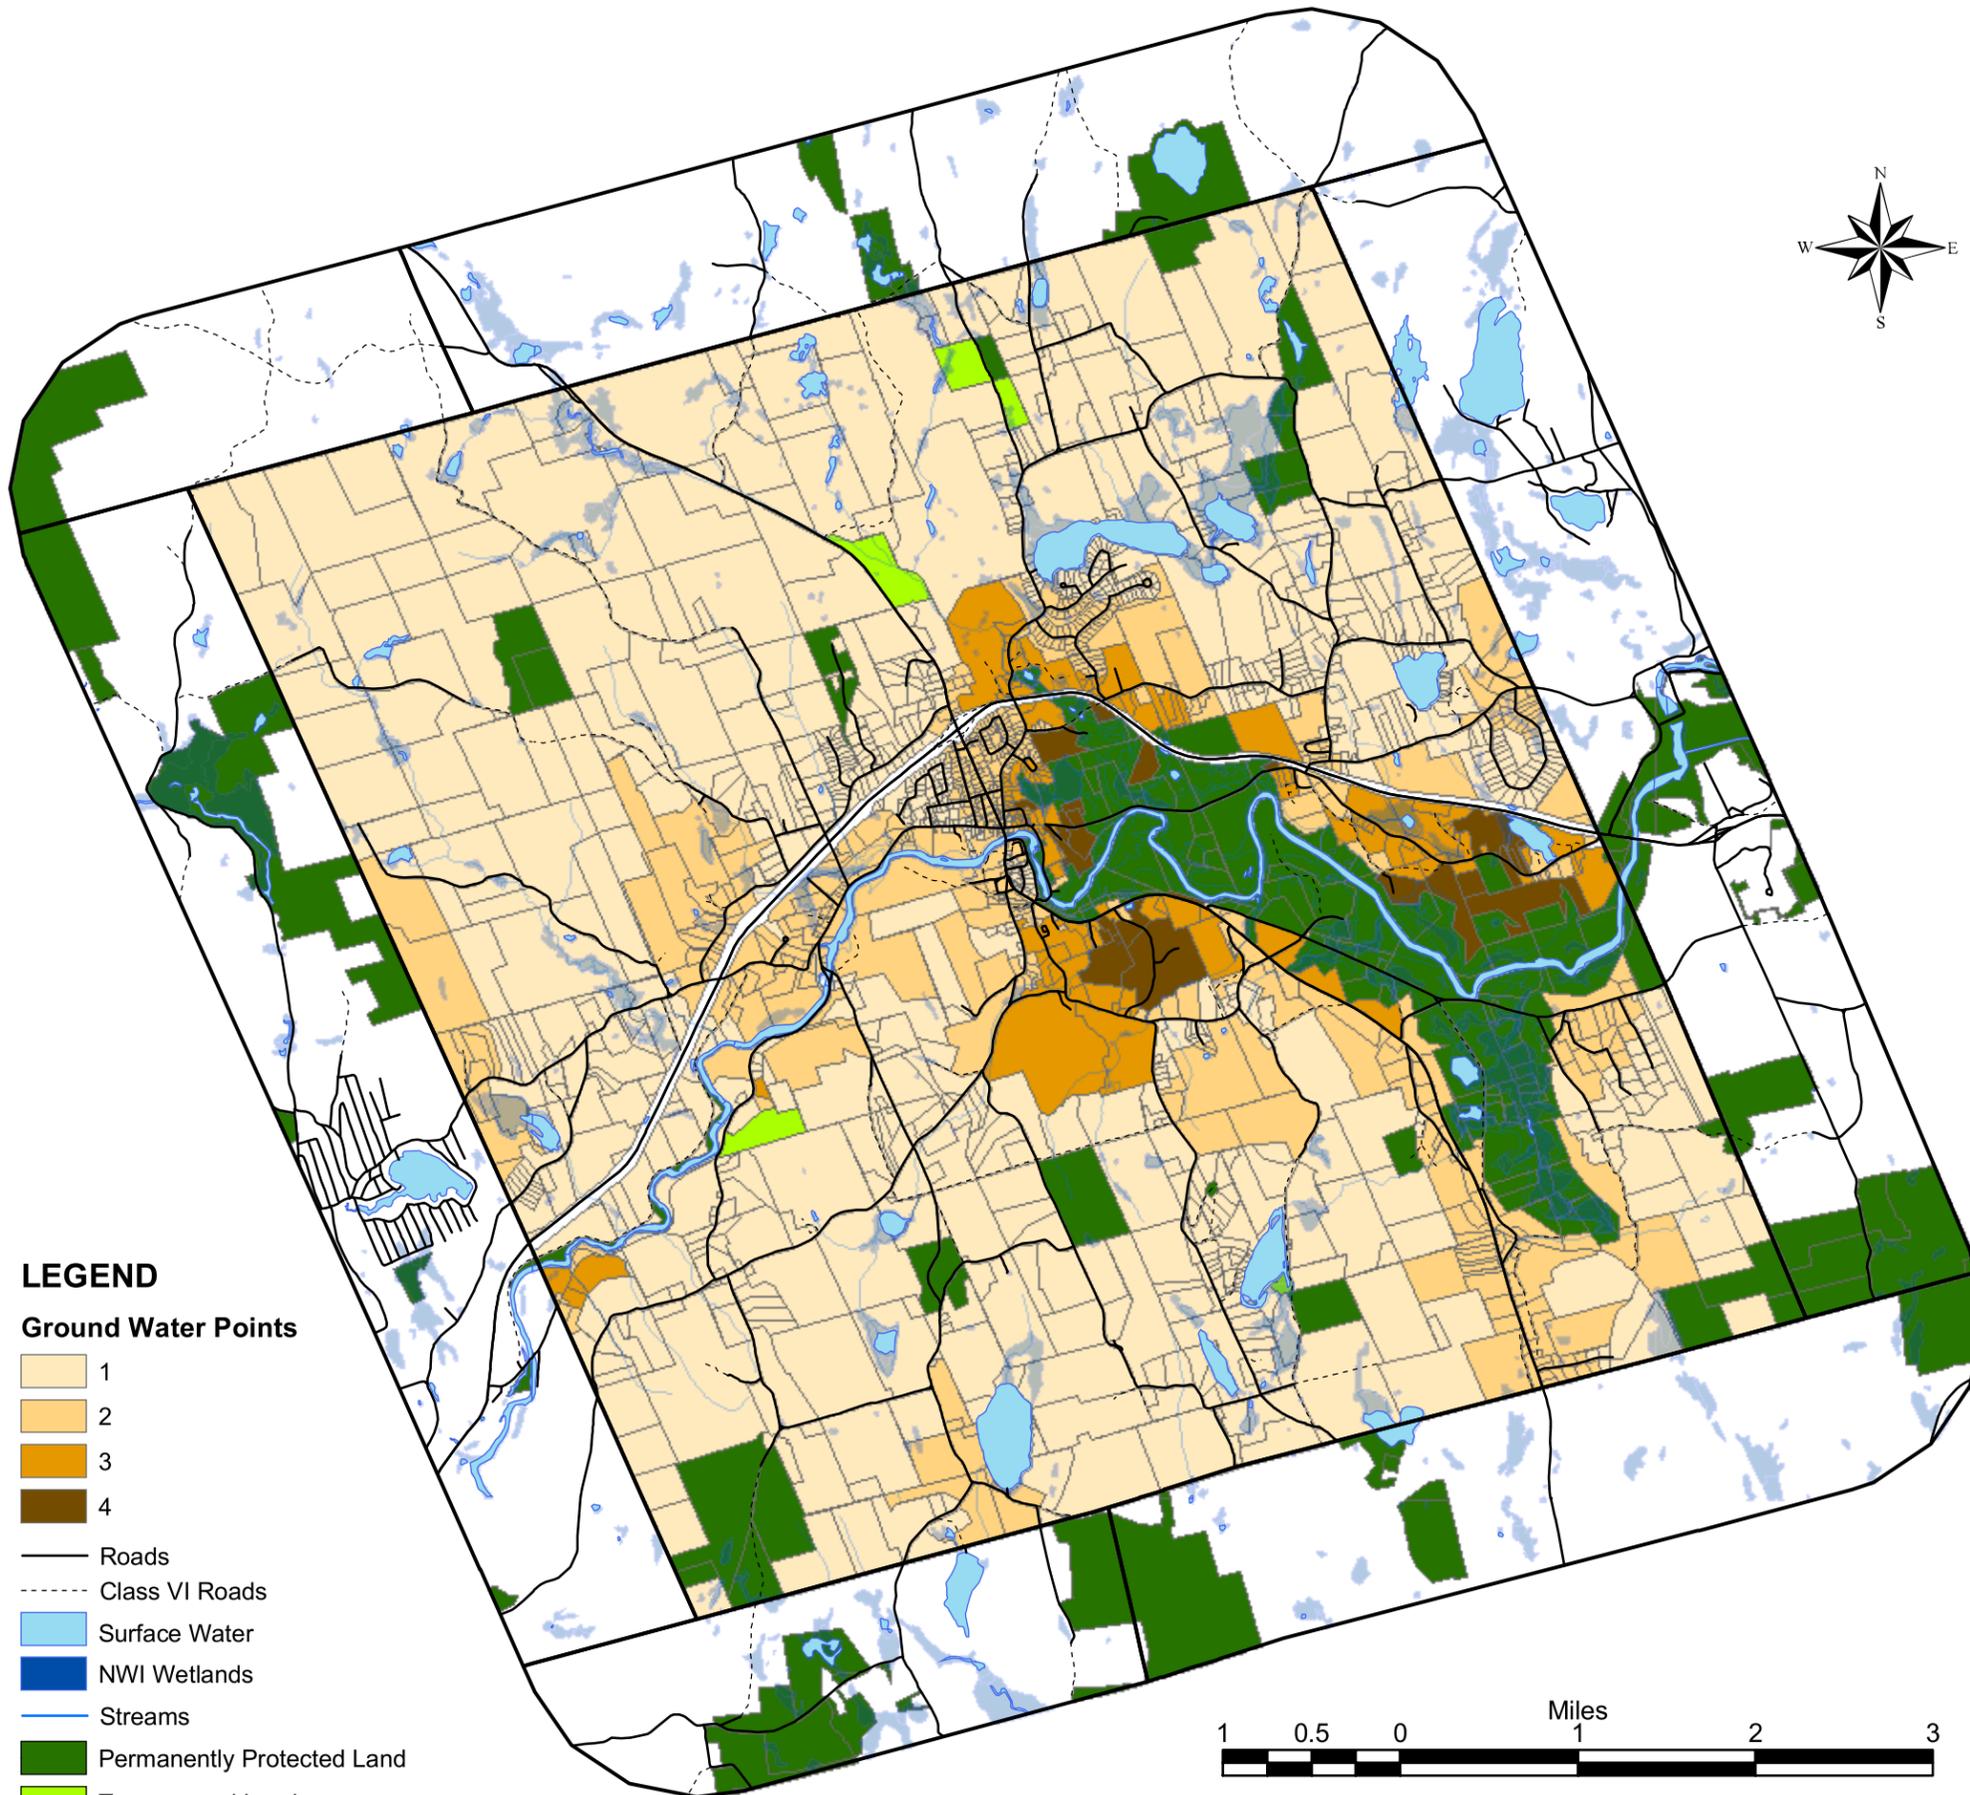

NH GRANIT (1:24,000)
 Road base has been revised with corrections from Town of Henniker Property Tax Map. Property lines were derived from Town of Henniker Property Tax Map and adjusted slightly to align with the NH GRANIT road base. Permanently protected lands and town-owned lands were created using NH GRANIT data and town information.

Data used to identify wellhead protection areas, source water protection areas, and favorable gravel well areas was supplied by the NH Dept of Environmental Services.

Map created by Denise Rico for the Henniker Conservation Commission's Conservation Prioritization Project March 24, 2005.

Digital data in NH GRANIT represent the efforts of the contributing agencies to record information from the cited source materials. Complex Systems Research Center (CSRC), under contract to the Office of State Planning (OSP), and in consultation with cooperating agencies, maintains a continuing program to identify and correct errors in these data. Neither OSP nor CSRC make any claim as to the validity or reliability or to any implied uses of these data.

Representations of property lines on this map are for planning purposes only and do not imply evidence of ownership.
