Data Sources:

NH GRANIT (1:24,000)
Road base has been revised with corrections from Town of Henniker Property Tax Map. Property lines were derived from Town of Henniker Property Tax Map and adjusted slightly to align with the NH GRANIT road base.
Permanently protected lands and town-owned lands were created using NH GRANIT data and town information.
NH Natural Heritage Inventory rare species and exemplary natural communities occurrence data represent general locations of rare plants, wildlife, and natural communities (natural communities are different types of wetlands, forests, etc.). Precise locations are not shown due to the data's sensitive nature. The NH Natural Heritage Inventory's database contains more detailed information including locations, population sizes, and habitat descriptions. Please contact the Natural Heritage Inventory at (603) 271-3623 for more information. Wildlife occurrences are compiled and displayed in cooperation with the NH Fish & Game Department's Nongame Program, who may be reached at (603)271-2462.

Map created by Denise Rico for the Henniker Conservation Commission's Conservation Prioritization Project March 24, 2005.

Digital data in NH GRANIT represent the efforts of the contributing agencies to record information from the cited source materials. Complex Systems Research Center (CSRC), under contract to the Office of State Planning (OSP), and in consultation with cooperating agencies, maintains a continuing program to identify and correct errors in these data. Neither OSP nor CSRC make any claim as to the validity or reliability or to any implied uses of these data.

Representations of property lines on this map are for planning purposes only and do not imply evidence of ownership.
